## Sand Creek Ranch

Saturday, November 6, 2010  
11:00 a.m., at the ranch, Okemah, Oklahoma

Prospective Sale Customers,

We are extremely excited here at COLE Sand Creek Ranch. We are prepared and ready for our First SimAngus Production Sale. Our hard work and attention to detail in all facets of Ranch Management over the past three years has resulted in what we believe is a quality sale offering. Our sale offering represents the first bull & heifer calves born at Sand Creek Ranch from the 130 foundation cows and heifers purchased from the legendary Deiter Brothers Angus Hybrid program, Faulkton, SD. As you review the following sale catalog data, you will find outstanding performance, EPD profiles and genetic lineage information that we feel represent SimAngus Cattle at their best. Many of the API and TI rankings in the bull offering are among the tops in the SimAngus breed. We feel our bred heifers are equally impressive.

As you would expect, I am very pleased with our ranch staff performance. Each of them has given one hundred percent of effort and energy in the care and feeding of our SimAngus herd. They have worked with pride and enthusiasm to make our sale as successful as possible. They, like me, are looking forward to presenting to you our Bull and Bred Heifer offering, as well as, meeting and visiting with all of you in person.

### Special Thanks

Special thanks are extended to Ray and Ronnie Downs for their unending devotion to the Ranch infrastructure, and to Roger Deiter and Keith Grissom for their most helpful assistance.

All the above folks receive my sincere gratitude and appreciation for their commitment to the ongoing operation and success of COLE Sand Creek Ranch. Thank you, and congratulations to each of you for your work ethic and devotion!

Also, I believe my father Allen Cole, who established this ranch in 1953, would have a smile of approval to see how we have transitioned from the commercial beef production business to where we are today. But, like most of us, he would likely be a bit skeptical, until he took a good look at our cattle. I completely understand. I am skeptical by nature of just about everything I hear, read, or even see. But, you can rest assured; you will not be disappointed by our cattle. I personally invite you to come to our first Production Sale on November 6, 2010. If you wish, come earlier in the morning, preview the offering, and have an early lunch with us; we'd love to have you!

Chris Cole, Jason Freidman, and Wally Childress

In closing, I want you know that we are a no-nonsense, no-doubletalk business, and our word is our bond. If anyone is displeased, for any reason with their sale purchase, you will receive your money back with no questions. So, again we invite you to attend our first SimAngus Production Sale; you will not be disappointed. In the meantime, please call us with any questions you may have, or visit our ranch at anytime. We would be pleased to show you our cattle, our ranch operation, our facilities, and share our hospitality. Again, I look forward to meeting you, and welcoming you to COLE Sand Creek Ranch first Production Sale.

Wes Cole, Owner  
817-301-714

Dear SimAngus Enthusiasts,

It has been a pleasure and an honor to meet and work with Wes and crew at COLE Sand Creek Ranch. Once you meet Wes you will be quick to recognize he takes a no-nonsense approach to business and the way in which he deals with people. He knows what he wants and is not afraid to make a decision. When Wes and family embarked on the journey of building a Seedstock Enterprise, he fully recognized the importance of the foundation genetics upon which they would build their program. Wes entrusted me 100% to select those genetics and I consequently take a great deal of pride and responsibility for the cows from which this first offering originated. Alan Sears, my nephew Kevin and I have and will continue to assist, in an advisory role, as the COLE Sand Creek program evolves. I am totally confident that Wes will treat his customers with the utmost respect and honesty and he will expect the same in return.

In regard to the genetic base, I think you will find the SimAngus Hybrid blend to be one of the most widely accepted genetic combinations in the industry. They excel in all segments of the commercial business and they are backed by a strong and forward thinking National Association.

I'm pretty sure that "being second best" and "sort of doing things right" are not part of the mission statement at Cole Sand Creek Ranch. I believe it will be well worth your time to allow these guys an opportunity to earn your business.

Respectfully,  
Roger Deiter, Deiter Bros.

## The Sale Process:

*On Sale day, 9:00 am to 10:45 am, preview the offering and register for buyers number.*

The Registered Number you receive will be your bid number during the Sale.

**ON-LINE:** The Sale will be broadcast over the internet by DVAuctions, Norfolk, NE. For those of you who wish to participate in our Sale through means of the Internet, please contact DVAuctions, Roxanne Shipps at 402-649-7946 for computer/internet logon procedures, and to confirm the Sale Barn telephone number 405-944-1266 for placing bids. Bidders who are successful in making purchases via the internet will be contacted by COLE Sand Creek Ranch after the sale for settlement payment and shipping arrangements.

**SALE PROCEDURES:** Offerings of both Bulls and Bred Heifers will be presented in the Sale Arena for viewing during the auction. As each individual Lot is sold, it will be displayed on 2 big screen TV monitors located in the Sale Ring.

## Terms & Conditions:

**TERMS:** Terms of the Sale are cash, check, or other terms agreed to in writing between COLE Sand Creek Ranch and the buyer, payable upon conclusion of the sale and before animals are to be moved.

**PURCHASE AND RISK:** All animals are at the owners risk prior to the sale and become the property of the purchaser as soon as declared sold by the auctioneer.

**INSURANCE:** A representatives of Great American Insurance Group will be available sale day to assist you with any livestock insurance needs for your purchases.

**BIDDING:** All animals will be sold to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer. His decision will be final.

**ABSENTEE BIDDING:** If you will not be able to attend the sale or bid online via *LiveAuctions TV*, please contact the Sale Manager, Sale Consultant, Auctioneer or Sale Staff a day in advance in order to secure your bidder number and place your orders.

**HERD HEALTH:** COLE Sand Creek Ranch Animal health is overseen by Dr. Patrick Edmonds, DVM, Edmonds Veterinary Services, Morris, OK (918)733-4525. Dr. Edmonds will be on hand during the sale to answer any question you may have, and to provide the appropriate paperwork for interstate shipment. Prospective buyers should make themselves aware of health requirements for their respective states.

**BREEDING GUARANTEE:** All COLE Sand Creek Ranch cattle sold are guaranteed. If any successful bidder is dissatisfied with his or her purchase, call us and make arrangements to return the Bull or Bred Heifer for a full return of the purchase amount, no questions asked. The Bred females have been pregnancy examined safe in calf by a licensed veterinarian. Any updated breeding information will be made available on sale day.

**LIABILITIES:** All persons who attend the sale do so at their own risk and COLE Sand Creek Ranch assumes no liabilities for any accidents that may occur. The owner, auctioneer or sale manager assumes no liability for loss or injury to the livestock due to theft, mysterious disappearance, sickness, improper handling or an act of God.

**REGISTRATIONS:** All animals being sold are registered with the American Simmental Association unless otherwise stated. Registration certificates will be transferred to the new owner. Please be sure to leave complete and accurate transfer instructions with the sale clerk at time of settlement.

**ANNOUNCEMENTS:** The information in this catalog is accurate to the very best of our capability. Announcements from the auction block will take precedence over the printed material in this catalog and other announcements. It will be the responsibility of the buyer to further comply with the requirements of the American Simmental Association in regard to subsequent activities that involve these animals.

**TRANSPORTATION:** If you choose, COLE Sand Creek Ranch will deliver all cattle purchased within Oklahoma. Purchases of cattle from surrounding states need to make and coordinate arrangements for shipping with their carrier of choice and the ranch.

RDDS Starz 2321S was the \$28,000 top selling bull from the 2007 Deiter Bros. Bull Sale. Although we are only have three sons to offer from the 2009 calf crop, his progeny dominate our 2010 calf crop. He is a deep, soft, athletic herd sire that has a special look & composition. We invite your inspection of not only 'Starz' himself on sale day, but also his exciting bull & heifer calves. [AMF] [NHF] [CA-CL]

RDDS Futureprototype 13M was the top selling SimAngus bull from the 2003 Deiter Bros. Bull Sale, purchased by Genex. He is the sire of 'Starz'. Several of our foundation Deiter Bros. females are his daughters and several of the bulls & bred heifers in this sale offering are out of those cows. His maternal influence will be a strong part of our breeding program for years to come.

Remington Yieldmaster 44W was selected from the 2009 Remington Land & Cattle Bull Sale, Del Binita, AB for natural service on heifers. He also brings the 'Red' factor to our breeding program. This bull is a very sound, attractive young sire that maintained his condition extremely well with clean-up duty on 30+ heifers and over 115 degree heat index this summer.
