**Payson Parker**

Welcome to the 2019 D&H Heritage Yearling Bull Sale.

This is one of the most exciting weekends of the year for D&H Cattle. We sell our most elite yearling prospects, which allows us to showcase our breeding program with the bulls that will represent us for the next four years of competition. It's also exciting to see the new owners and new partnerships that will be made when the auctioneer says sold.

These yearling bulls are extremely talented and are backed by years of proven genetics. They have been handled, bucked, and rigidly culled to make this elite sale offering. At times we don't think we have them 100% ready for this sale. As many of you know, it involves a lot of time and effort to put it all together and bring videos that we believe display their true abilities.

Over the past several years, this sale has had a pretty solid track record producing Futurity Champions, Derby Champions, Classic Champions, and Bull of the Year contenders. Not to mention, the great breeding bulls which have been sold as well.

Once again, these bulls selling will all be eligible to compete in our 2020 D&H Incentive Futurity with \$100,000 payout. Only bulls we sell at auction will be eligible to compete, so don't miss this opportunity!

This industry continues to grow and improve each year, with more opportunities to compete and win money. Thanks to the ABBI and their leadership for making many of these events and programs happen. We also appreciate the ABBI for allowing us to host our sale in conjunction with the most prestigious event of the summer.

We want to say thanks to everyone involved in making this sale happen. It takes a great team and countless hours to prepare and produce this sale. We have a great crew and they make it all work.

This offering is amazing, and the future is now! Study your catalog, videos, and don't hesitate to ask questions. We will post sale order and the bulls that only sell as 1/2 interest the day prior to the sale.

Thank You,  
D&H Cattle

- Not only is this calf sired by Bruiser, he is a full brother to Page 29E, one of our futurity standouts.
- This calf is the kind in every way. You don't often find calves as big as him with as much athletic ability. He has all the tools to compete at the futurities, and does it in the gate and means it! Many with his potential as a futurity calf don't have the size to make it at the derbies, classics, and beyond but that won't be a problem with this one.

- There are certain calves that stand out in and out of the arena. Sweetpro's Bruiser was always one, and so is this Bruiser son. He is one of the first to catch your eye in the pasture, and he lives up to it in the arena!
- A lot of calves that have as much drop and kick as this calf lack some speed in the spin, but not this one. He makes more rounds than should be possible when you consider what else he is doing!
- He is backed by some of the most consistent genetics in the industry. Hustler, Mossy Oak Mudslinger, Copperhead ... all of the ones that show up in these rank calves time and time again.

- The dam to this calf is a product of our flush program. Stray Kitty over the great 255-152 has worked time and time again for us.

- We expected the calves by Hocus Pocus to get off the ground, kick through it, and have a lot of action. He sure didn't let us down!
- This calf hits every category and does it easily! Many calves with as much action and ability as this one have a hard time putting trips together for awhile, but this one has done it with ease since day one. He knows where his feet are, he knows how to utilize his ability, and he doesn't get himself in a bind doing it.
- His talent is impressive, but there are so many things that set this calf apart, including his breeding. Not only is he sired by Classic Champ Hocus Pocus, he is out of a full sister to Slice Of Heaven

He has the same ability to get his front end off the ground with a ton of power and extends his kick. On top of that, he is getting it put together in the gate. That's what it takes to mark 90+ and this calf has that potential every time.

HUNTER 1Y (60U HARDCORE (MOSSY OAK MUDSLINGER) X 1W (216 WINTWISTER)

- Midnight Show was putting together a great career before he had a foot injury. He got high in the air and kicked through it with a lot of intensity.
- The Midnight Mood calves have been something to watch the past couple years and they have won a lot of money. Now we are starting to see a bunch of really special calves show up by Midnight Mood sons. These genetics carry down the line!
- We say it over and over, these calves have to get off the ground and kick to win, and this calf does both with ease. He gets more confident and consistent each trip.

PAGE 434 (790 MOSSY OAK MUDSLINGER X 43-126 (COPPERHEAD))

- 
- This is an impressive calf! He's big, tight made, leggy calf that wants to buck!
  - He has some of the best backing his pedigree up: Mudslinger, Crosswired, Copperhead and 47-107, the dam to Crazy Train.

PAGE 10-120 (SHORTY X 10-103)

- 
- By a great Crosswired son that goes back to the great 47-107 cow, the dam to Crazy Train,
  - Out of a full sister to Crosswired, which are some of our best producers year after year!
  - This is a nice, growthy kind of calf that has the action, the kick and is putting it together. The potential to be rank is there!

- 
- By PBR Finals and NFR bull Udder Lover
  - Out of the dam to Sketchy Bob!
  - 41F- is going to do the deal! He has a ton of action and kick and brings it. He's got the tools to be a dummy calf but with his size and pedigree he will really make one with a cowboy!

**PAGE 77/A**  
PAGE 037 (CROSSFIRE HURRICANE X PAGE 10-120)

- 
- This Bruiser son is truly special. He is a true athlete, from how he travels across the pen to how he bucks.
  - He's doing things with a dummy that we see Bruiser doing week after week! He wants it off his back!
  - His bottom side is filled with the greats: Midnight Mood over a full sister to Crosswired. Those are some of our most successful genetics.
